SUPER PRO GREENS

Super Pro Greens - Cleanse, Detoxify, and Rejuvenate with our drink mix supplement to support detoxification.

Pro Powders are all-natural fruit and vegetable-based juice powders, fortified with specific nutrients to target specific systems. These formulations are gluten-free, dairy-free, egg-free, vegetarian formulas that are free from herbicides and pesticides. Fruits and vegetables are necessary components of a healthy diet. They contain powerful plant compounds known as phytochemicals which perform numerous functions throughout the body. Plant foods also provide fiber and essential nutrients. Sometimes people find it difficult to attain the recommended 5-7 servings of produce a day, and that's where **Super Pro Greens** come in.

Ingesting a rainbow colors and variety of fruits and vegetables daily provides intake of phenols, vitamin C, proanthocyanidins, ellagic acid, bioflavonoids, and anthocyanins, all of which are powerful antioxidants. Antioxidants battle damage from free radicals, which are believed to play a role in numerous health conditions like aging, cancer, atherosclerosis, and more.

In addition to fruits and vegetables, **Super Pro Greens** features added nutrients like folate, vitamin C from acerola fruit, sunflower lecithin, and choline as VitaCholine™. Choline is an essential dietary nutrient involved in a wide variety of physiological functions and necessary for the synthesis of phospholipids, which comprise cell membranes. Choline supports proper liver, nerve & brain function and is used in manufacture of the neurotransmitter acetylcholine, as well as being a precursor to the methyl donor betaine.

Detoxification support is provided in Pro Lean Greens as N-Acetyl-L-Cysteine, spirulina, chlorella, N,N-Dimethylglycine (DMG), milk thistle, and Emothion® S-Acetyl-L-Glutathione. Glutathione is a key part of liver detoxification as it binds toxic chemicals as well as being a free radical scavenger. Glutathione is active in Phase II detoxification, helping the body manage carcinogens, toxins, and drugs. The methyl donor DMG assists in the biosynthesis of vitamins, hormones, neurotransmitters, antibodies & nucleic acids. DMG was patented over three decades ago for treating systemic inflammatory disease, modulating immune response, and boasts in vitro evidence of antioxidant effects via free radical scavenging activity and enhancement of the endogenous antioxidant defense system. Milk thistle (*Silybum marianum*) is used to protect and restore function of the liver with ample research behind its traditional uses.

Fibersol®-2, a soluble fiber comprised of a digestion-resistant maltodextrin, is also incorporated into **Super Pro Greens**. Fiber serves many purposes, including binding toxins in the intestines to aid in detoxification, helping glucose and lipid control, and supporting proper bowel function, regularity, fecal volume, and beneficial intestinal micro flora. What makes Fibersol®-2 unique is that it is so soluble and less dense than other fibers that it mixes instantly and does not cause bloating or intestinal gas, like other fiber products. Fibersol®-2 is not only well-tolerated but also results in favorable fermentation characteristics in the large bowel, assisting production of the short chain fatty acid butyrate which is the preferred fuel source of colon cells.

For a gentle energy boost, **Super Pro Greens** contains beet root powder, green tea leaf extract, ginkgo leaf extract, and bee pollen. For digestive support, there is added probiotics and digestive enzymes to **Super Pro Greens**.

Super Pro Greens is high in fiber and low in carbohydrates. It can be mixed simply with water, juice, milk or a non-dairy milk alternative. Or it may be added to a blender with fresh or frozen fruit, milk or non-dairy milk alternative, ice, nut butter, and so on. Pro powders are convenient: they do not go bad, like the

produce rotting in your fridge; you don't have to worry about what's in season; and they taste great, ensuring compliance for "picky" eaters: children and adults alike!

SUPPLEMENT FACTS

Available Bottle Size: 30

Serving Size: 10.17 g (Approx. 1 Scoop)

Servings Per Container: 30

Amount Per Serving

Calories	40
Total Carbohydrate	6 g
Dietary Fiber	5 g
Total Sugars	<1 g
Protein	3 g
Vitamin C (from Acerola Fruit Extract)	50 mg
Folate (from L-5-Methyltetrahydrofolate, Calcium)	50 mcg DFE
Choline (from Choline Bitrate (as VitaCholine™))	12 mg
Calcium	34 mg
Iron	2.37 mg
Sodium	95 mg
Potassium	109 mg
Green Health Blend	3,000 mg
Apple Fruit Powder, Broccoli Head Powder, Spinach Leaf Powder, Dulse Algae Powder	
Soluble Fiber (Fibersol®-2 brand)	2,000 mg
Proprietary Detoxification Matrix	1,735 mg
Spirulina Whole Plant Powder, Chlorella Powder, N,N-Dimethylglycine HCl, Emothion® S-Acetyl-L-Glutathione, N-Acetyl-L-Cysteine	
Sunflower Lecithin Powder	1,500 mg
Energy Blend	300 mg
Beet Root Powder, Green Tea Leaf Extract, Ginkgo Leaf Extract, Bee Pollen Powder	
Alkalinity Blend	300 mg
Suma Root Powder, Grape Seed Extract, Milk Thistle Seed Powder, Aloe Vera Leaf Powder	
Probiotic Blend	250 mg
Inulin, Lactobacillus acidophilus, Lactobacillus bulgaricus, Bifidobacterium bifidum, Bifidobacterium longum, Streptococcus thermophilus.	
Stevia Leaf Extract	130 mg
Enzyme Blend	100 mg
Bromelain, Papain, Cellulase, Lipase, Protease	

Other Ingredients: Organic Cassia Bark Powder, Natural Flavor, Silicone Dioxide.

Suggested Use: As a dietary supplement, mix 1 heaping scoop (10.17 g) daily in 8 oz. of cold water or juice, or as directed by your healthcare practitioner.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.
